

2. Diagnosis

The following DTC have been added or discontinued, along with the adoption of CAN communication.

► DTC Chart ◀

	DTC No.		Detection Item
	2-digit	5-digit	
Added DTC	61	C1761	Air Suspension ECU malfunction
	65	U0100	CAN communication circuit malfunction (ENG)
	66	U0101	CAN communication circuit malfunction (ECT)
	67	U0122	CAN communication circuit malfunction (VSC)
	68	U0126	CAN communication circuit malfunction (STR)
	69	U0124	CAN communication circuit malfunction (YGS)
	71	U0132	CAN communication circuit malfunction (SUS)
Discontinued DTC	78	C1778	Open or short circuit in skid control ECU communication circuit malfunction
	79	C1779	Engine revolution signal circuit malfunction

► DTC Chart of the Input Signal Check ◀

	DTC No.		Detection Item
	2-digit	5-digit	
Discontinued DTC	81	C1781	Steering angle sensor communication circuit malfunction
	82	C1782	Stop light switch circuit malfunction
	83	C1783	Door courtesy switch circuit malfunction
	94	C1794	Right front vehicle speed sensor circuit malfunction
	97	C1797	Engine revolution signal circuit malfunction
